British Journal of Orthodontics

Volume 15 (1988)

Subject Index

Afro-Caribbean
Bimaxillary proclination in patients of Afro-Caribbean origin (Carter, Slattery) 175
Alginate impressions
A reflex plotter investigation into the dimensional stability of alginate impressions following disinfection by varying regimes employing 2.2 per cent glutaraldehyde (Jones et al.) 185
Announcements 69, 141, 211, 293
Anterior spacing
Space maintenance for an upper central incisor during treatment: an aesthetic solution (Sandler et al.) 41
Auxiliary personnel
Expanded function orthodontic auxiliaries: a proposal for their introduction in the UK (O'Brien, Shaw) 281

Barrer appliance
Removable retainers: a modification of the Barrer appliance (Sandler, Reed) 127
Bimaxillary proclination
Bimaxillary proclination in patients of Afro-Caribbean origin (Carter, Slattery) 175
Book review 289
British Orthodontic Certification Board (Bass) 135

Case report
A Class III case—but how severe? (Battagel) 163
An 'invisible' supernumerary tooth (Oliver, Lardeau-Randall) 23
A maxillary fourth molar (Howe) 205
Cephalometry
A comparative analysis of the Class III malocclusion with and without an anterior mandibular displacement on closure (Slattery) 33
Application of a video image subtraction system to measure and control head position in cephalometry (Cohen et al.) 79
Effect of patient repositioning on cephalometric measurements (Sandler) 17
Mandibular position in Class III malocclusion (Kerr, TenHave) 241
Natural head position, posture and prognathism: the Chapman Prize essay, 1986 (Cole) 227
Repeatability of head posture recordings from lateral cephalometric radiographs (Sandham) 157
Reproducibility of cephalometric measurements (Sandler) 105
Chapman Prize essay
Natural head position, posture and prognathism: the Chapman Prize essay, 1986 (Cole) 227
Class II division 1
First premolar extractions and fixed appliances in the Class II division 1 malocclusion (Carter) 1
Class III
A Class III case—but how severe? (Battagel) 163
A comparative analysis of the Class III malocclusion with and without an anterior mandibular displacement on closure (Slattery) 33
Mandibular position in Class III malocclusion (Kerr, TenHave) 241
Conference report 63

Development of occlusion
Factors influencing the development of molar occlusion: a longitudinal study (Leighton, Feasby) 99
Diagnosis
The diagnostic value of panoramic radiographs in children aged nine to ten years (Neal, Bowden) 193
Dimensional stability
A reflex plotter investigation into the dimensional stability of alginate impressions following disinfection by varying regimes employing 2.2 per cent glutaraldehyde (Jones et al.) 185
Direct bonding
An in vitro study of the bond strength of a glass ionomer cement in the direct bonding of orthodontic brackets (Cook, Youngson) 247
Directory of Associations 74, 146, 212, 298
Directory of full-time postgraduate courses in the UK 295

Editorial 55, 131, 207, 287
Enamel etching
The effects of differing acid concentrations, techniques and etch times on the etch pattern enamel of erupted and unerupted human teeth examined using the scanning electron microscope (Oliver) 45
Extractions
First premolar extractions and fixed appliances in the Class II division 1 malocclusion (Carter) 1

Fixed appliance technique
Interview: Maurice Berman—Straight Wire myths 57
A conversion to flatter archwires (Usiskin) 111
Fixed appliance therapy
First premolar extractions and fixed appliances in the Class II division 1 malocclusion (Carter) 1
Four Thames Project
The Four Thames Project: development of training in orthodontics for dental practice (Pender) 269

Functional appliance therapy
Stabilization of functional treatment: the Waveney goal post appliance (Stratford, Scott) 123

Glass ionomer cement
An in vitro study of the bond strength of a glass ionomer cement in the direct bonding of orthodontic brackets (Cook, Youngson) 247
Glutaraldehyde
A reflex plotter investigation into the dimensional stability of alginate impressions following disinfection by varying regimes employing 2.2 per cent glutaraldehyde (Jones et al.) 185

Headgear
A Class III case—but how severe? (Battagel) 163
Traumatically induced maxillary retrusion—a case report of orthodontic management with the protraction headgear (Banks, Bogues) 11
Head posture
Application of a video image subtraction system to measure and control head position in cephalometry (Cohen et al.) 79
Natural head position, posture and prognathism: the Chapman Prize essay, 1986 (Cole) 227
Repeatability of head posture recordings from lateral cephalometric radiographs (Sandham) 157

Image subtraction
Application of a video image subtraction system to measure and control head position in cephalometry (Cohen et al.) 79
Impaction
Incidence of lower second permanent molar impaction (Evans) 199
Indirect bonding
Multistrand wire retainers: an indirect technique (Ferguson) 51
Injury
A little distal archery (Killingback, Stephens) 121
Interview
Straight Wire myths (Berman) 57

Journal review
Ear Nose and Throat Journal 137

Mandibular displacement
A comparative analysis of the Class III malocclusion with and without an anterior mandibular displacement on closure (Slattery) 33
Materials
Orthodontic Materials Update: Bonding Adhesives (Brown) 277
Maxillary canines
Favourable spontaneous eruption of severely displaced maxillary canines with associated follicular disturbance (Fearne, Lee) 93
Morphology of the maxillary lateral incisor in cases of unilateral impaction of the maxillary canine (Oliver et al.)
Maxillary retrusion
Traumatically induced maxillary intrusion—a case report of Orthodontic management with the protraction headgear (Banks, Bogues) 11
Meeting report
Advanced cleft palate workshop 68
Meetings calendar 73, 145, 213, 000
Membership information BSSO 143, BAO 144
Molar occlusion
Factors influencing the development of molar occlusion: a longitudinal study (Leighton, Feasby) 99

NHS deregulation
Guest editorial: partially deregulated—professionally responsible (Haynes) 131

Occlusal index
Report of the Occlusal Index Committee (Pollard) 133

Panoramic radiographs
The diagnostic value of panoramic radiographs in children aged nine to ten years (Neal, Bowden) 193
Patient referral
Changes in the complexity of orthodontic treatment for patients referred to a teaching hospital (Stephens, Harradine) 27
Polycarbonate brackets
Fracture of polycarbonate brackets—a related photoelastic stress analysis (Aird et al.) 87
Presidential Address (Foster)
Prospect in retrospect: BSSO Presidential Address (Foster) 217
Product news
Bonding adhesives: introduction by Dr. D Brown 277
Prognathism
Natural head position, posture and prognathism: the Chapman Prize essay, 1986 (Cole) 227

Reproducibility
Repeatability of head posture recordings from lateral cephalometric radiographs (Sandham) 157
Reproducibility of cephalometric measurements (Sandler) 105
Resorption
External Resorption of a Maxillary Lateral Incisor by a Labially Placed Canine: Pathology and Management (Regan, Craig) 261
Retention
Multistrand wire retainers: an indirect technique (Ferguson) 51
Removable retainers: a modification of the Barrer appliance (Sandler, Reed) 127

Scholarships 72
Second molars
Incidence of lower second permanent molar impaction (Evans) 199

Space maintenance
Space maintenance for an upper central incisor during treatment: an aesthetic solution (Sandler et al.) 41
Spontaneous tooth movement
Favourable spontaneous eruption of severely displaced maxillary canines with associated follicular disturbance (Fearne, Lee) 93
Stress analysis
Fracture of polycarbonate brackets—a related photoelastic stress analysis (Aird et al.) 87
Supernumerary tooth
An 'invisible' supernumerary tooth (Oliver, Lardeau-Randall) 23

Training in orthodontics
BJO directory of full-time postgraduate courses in the UK 295
Editorial: an interest in orthodontics 207
Guest editorial: the training of orthodontic undergraduates; Robbing Peter to pay Paul? (Stevens) 55
Space maintenance for an upper central incisor during treatment: an aesthetic solution (Sandler et al.) 41
Trauma
Traumatically induced maxillary intrusion—a case report of Orthodontic management with the protraction headgear (Banks, Bogues) 11
Treatment complexity
Changes in the complexity of orthodontic treatment for patients referred to a teaching hospital (Stephens, Harradine) 27

University and consultant news 71, 211

Waveney appliance
Stabilization of functional treatment: the Waveney goal post appliance (Stratford, Scott) 123
Wire mechanics
Forces exerted by orthodontic aligning archwires (Rock, Wilson) 255
The behaviour of multiple loops in torsion (Cavina, Waters) 149

ORTHONOR

We have recycled bonding brackets since the '70s
Share our experience and expertise and
SEND US YOUR BRACKETS
We charge 10p per bracket—minimum number 100
RETURNED WITHIN 14 DAYS
Overseas orders enclose cheque payable in sterling plus postage please
Orders to: ORTHONOR
P.O. Box 152, Norwich NR2 2NU
